Award categories:

- **Lycetts Leadership Award**

This award is for licensed British trainers. There are four sections that make up the Lycetts Leadership Award and all are Excellence Awards. These sections are based on The Winning Approach, a set of industry standards in management and employment practices. Trainers can enter just one or multiple sections. For the chance to be considered for the overall Lycetts Leadership Award it is advised to enter all 4 sections.

Prize: £4,000 awaits the winning Trainer to spend on their business.

- **Lycetts Team Champions Award**

This award provides an opportunity for racing staff to tell us about their team and to gain the recognition they deserve. The Lycetts Team Champions Award recognises and celebrates the best teams on racehorse training yards, regardless of the size of the yard and from the staff's perspective.

Prize: £4,000 awaits the winning team.
