

## *A Winning Formula*

As one of the leading collection agencies in the country, we are extremely proud to have teamed up with the NTF to offer all Trainers a solution to slow paying fees.

We have been skilfully collecting fees for over 40 years and are widely considered to be the professional's choice for a Collection Agency.

As an introduction to all NTF members, we have decided to offer you a very low fixed price for our services

Quite simply, our fees for all NTF Members will be just 5% on any fees collected, with a maximum fee of just £75.

This is based on a strictly

**NO COLLECT / NO CHARGE BASIS.**

This represents a huge discount on our standard prices and we hope this fee level motivates you to use us.

We know that many of you are protective over your owners, but you will find very quickly that our methods are extremely professional and never affect our client's working relationships. In fact, we collect for most of our clients in their name!

*With your approach, I receive payment and I have never had a complaint from a parent whom you have approached. The Provost and Fellows of Eton and the Head Master are nothing other than appreciative when I have occasion to mention the results achieved.*

*Dreweatt Neate have been using The Express Group for over 6 years now. Whilst we started to use them with some trepidation (would our clients be upset if they were asked for money?) but the team has allayed our fears and our debt recovery has improved. Persistent does not even begin to describe them and we've even had some fun on the way! If you want some statistics: Our bad debt write off has reduced by 80%*

*Quite simply, we ensure your fees go in your bank...with no fuss*
